

# Respiratory system

Final-checklist شفاء

## Pathology

Obstructive lung diseases 2 (asthma and bronchiectasis)

Restrictive lung diseases 1 (granulomatous diseases)

Restrictive lung diseases 2 (fibrosing diseases)

Restrictive lung diseases 3 (pneumoconiosis)

Vascular lung diseases

Lung cancer 1

Lung cancer 2

Tuberculosis

## PBL

Respiratory tract case discussion in adults

Respiratory tract case discussion in pediatrics

## Pharmacology

Anti-cough drugs

Tuberculosis -1

Tuberculosis -2

Antibiotics -1

Antibiotics -2

Asthma -1

Asthma-2

## Microbiology

Bacterial Infections of the lower respiratory tract

TB + Fungal infections of the respiratory tract

Pseudomonas Aeruginosa

# Respiratory system

Final-checklist شفاء

## Histology & Anatomy & Embryology

## Labs

Anatomy of the lungs-1

Microbiology lab

Anatomy of the lungs-2

Physiology lab

Anatomy of the pleura

Pathology lab

Histology of the lower respiratory tract

Histology lab

Development & Malformations of the respiratory tract

Anatomy Lab 1  
Nose

## Physiology

Ventilation-Perfusion Ratio

Anatomy Lab 2  
larynx

Gas Exchange and Transport-1

Anatomy Lab 3  
trachea & bronchial tree

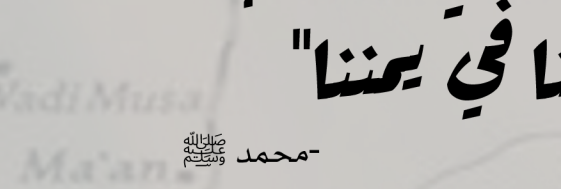

Gas Exchange and Transport-2

Anatomy Lab 4  
lung

Regulation of Respiration-1

"اللهم بارك لنا في شامنا ،  
اللهم بارك لنا في يمننا"

محمد بن عبد الله

Regulation of Respiration-2

Pulmonary function tests
