- Histology of female genital system

EMBRYOLOGY

- Development of the urinary system
- Development of the genital system

PATHOLOGY

- Pathology of lower FGT
- Uterine pathology
- Ovarian pathology
- Trophoblastic pathology
- Breast pathology

LABS

- Anatomy lab I
- Anatomy lab II
- Histology lab I
- Pathology lab I

PHARMACOLOGY

- Diuretics I
- Diuretics II
- Diuretics III
- Antifungal drugs I
- Antifungal drugs II
- Drugs for urogenital infections I
- Drugs for urogenital infections II
- Gonadotropins and analogues
- Gonadal hormones and inhibitors
- Oral contraceptives
- Male hormones
- Drugs used for neoplasms of UGS

PHYSIOLOGY

- Homeostasis and electrolytes I
- Homeostasis and electrolytes II
- Acid base regulation I
- Acid base regulation II
- Female physiology before pregnancy I
- Female physiology before pregnancy II
- Male reproductive system I
- Male reproductive system II
- Pregnancy and lactation I
- Pregnancy and lactation II

PBL

- PBL I
- PBL II
